“ My granny was my whole world, there's not a day that goes by that I dont remember that she wasnt singing or dancing.. I have so many memories to share but one that makes my day, is when me her and papa chig was out mowing some yards and me and her was just walking the fields and fence line petting the horses and enjoying a beautiful day, i noticed she started putting something in a walmart bag i didnt know what it was but i kept feeding the horses hay and she was filling thay bad up... Well papa chig was getting hungry so we got in the truck and she sets that bag in my lap and says dont open it and started laughing, well me being me i wanted to see what was moving in my lap and it felt weird so i laugh and said I'm gonna open it, she starts laughing so hard cause when i opened the bag thousands of BIG BIG grass hoppers started jumping out all in my hair, face and everywhere, she was laughing so hard she fell out of the truck n a puddle and all i could do was scream and freak out i was so scared of them it wasnt funny... She made my papa dump his tea all over him laughing so hard it was one heck of a day to remember it tool me a while to get them all off me... Loved it man yall missed out on a funny day I got so many memories to share I can go all day but this was one was to good not to share.....

“ My grandma was one of my best friends growing up. She lived with us and helped to take care of me and my sister while my mom worked. I used to sneak into her room and climb into her bed every night because her bed was always warm with her heated blanket. My grandma would do anything for anyone. I truly don't believe she had a mean bone in her body. She was always smiling, singing, and burning candles. There are so many great memories and goofy moments that I will always hold dear. My grandma symbolizes love, fun, kindness, and family. I always loved watching movies with her like Dirty Dancing, Ghost, and anything with Elvis Presley. Blue Hawaii was one of her favorite Elvis movies. When I came home a few months ago I got to see her and spend a whole day with her. I will forever cherish braiding her hair, kissing her forehead, and holding her in my arms. I love you so much grandma and miss you so much it hurts! Your SaraBear will think about you every day!

“ My mom would her granddaughters crawdad fishing and use bologna and bring back buckets full it would annoy me because she would fry them in a pan and smell the house up.
