“ I remember me spending vacations and summers with my grandma in Tishomingo. She taught me how to sew, bake, can food and cook. I remember she would sew clothes for my barbie dolls and how tiny the sleeves were to turn inside out. You would take me to the lake and go tubing on the lake. We would go camping and she would still cook at the camp site. She would get the newspaper out and look for the best yard sales for the weekend and she would map out which yard sales she would go to first. She taught me how to play gin rummy, aggravation and "hand and foot" card game and lots of other games. She was a quiet competitor..she did not like to loose at a game and she would give you a slight wave of her hand to play again. She would share stories about her childhood with her twin sister. I get my love of travel from her. Summers were refreshing for me and I loved being with my grandma. The roses she could grow were beautiful. Her garden was always big and bountiful. Grandma always knew how to make food stretch, make things last and she was never wasteful. She will forever be in my heart and I'm so grateful I had you as a grandma. Miss you grandma and your hugs.

“ I'll always remember going to Tishomingo as a kid and having the best time. We always had the best fish fries. I'll never forget the times I've spent with great grandma. She was the sweetest person. I loved getting to visit her and do her nails for her.

“ My best memories of my great-grandparents was being at their home in Tishomingo. Back then, the property felt like a 100 acres. We would go to the pond and fish with grandpa and then go rummage through the garden with grandma. She would make the best homemade dinners that I could not come close to making. She was always kind to everyone. The staff at her memory care center loved her because of how sweet and loving she was. I was always impressed my her traveling history and think of how adventurous she must have been. She will be missed but I'm so grateful for the love and family she had surrounding her. I can only hope to live as long as her and have the experiences she had.  
We love you grandma

“ My Grandmother was so awesome. I stayed with her and Grandpa Adams for four months back in 1980. I remember that if I didn't make my bed immediately after getting up that somehow she would get it made for me before I got back to my room. She was up early and always had breakfast ready. You never went hungry. She made the best chocolate pie and chocolate cake.

“ I am so thankful for the time I had with Mom. The two of us travel together and I also traveled and camped with Mom and Dad. We would play aggravation at night and laughed so hard till I had tears in my eyes. Mom and I would hike while Dad fished.

Mom, Geneva and I vacationed in Hawaii in 1985. We went to 4 islands. Every night I planned out the next day. I drove the rental car and Mom and Aunt Geneva navigated.

Once day Aunt Geneva said I'm hungry. I said have a granola bars we don't have time to stop and eat. After the trip Mom said no one saw as much as we did and Aunt Geneva said that's the only vacation I have ever been on that I lost weight.

I could not have asked for a better Mother.
