“ It would be impossible to put all the memories down from our 40 years of friendship. We have laughed and cried together. I know what a heart Sandy had for the LORD and how she treasured the time she had with Sherry. When she moved to Oklahoma we didn't get to physically see each other, but we made sure we kept in touch. We always made sure to call the other on their birthday---will miss that call this year. She will be missed, but we know where she is and that she is no longer in pain. The awesome part is we will see her again. Can't make service due to surgery, but will be with you in spirit.

“ Mike and I are so sorry to hear of your mother's passing. I hate that the last 3 weeks were so painful and stressful for the both of you. You not able to be with her at the hospital. I'm glad you got to bring her home and be with her in the end. I remember the first time i met your mom and dad. They were both very friendly and kind to us. It was like we had known each other for a long time. We were not strangers. They made us feel so welcome. I liked her smile. She was a beautiful lady. Love ya and Miss you, Linda
