“ *I was sad to learn of the passing of Mr. Patton. He will be remembered fondly by his former students. As an educator, Mr. Patton challenged his students to analyze situations and to think beyond the standard textbook response. As a man, he served as a role model to all of the young people that he encountered. Mr. Patton was well respected in his profession and in the community. I am proud to say that I was his student. Please know that the family is in my heart and prayers during this time of sorrow.*

Respectfully,
