“ *My fondest memory of my Grandma Muzz was her taking me to what I called "The Worlds Greatest Place On Earth". Now to me, it was that, to others it was just the Nampa mall. In Nampa, ID it wasn't that great. To this 4-5 year old girl, it was! They had this gold clock, with 4 gold balls that would wind up and down. She would tell me where each hand should be at, then we would go. I think it was to help stop the "Can we go now. ..." When those hands matched up to what she showed me. ... It was excitement all through her house. Me running around saying "it's time. .. it's time!" We would get in her car Charlie (she named it that). She would say "Hello Charlie" when she would start it up, and off we went. We would visit the toy store, and there I could pick out anything I wanted! ! This particular memory I remember picking out a plastic caterpillar doll, with troll doll like hair. It even came with a brush! ! There are many. .. many. .. more and they will forever live on in my heart.*

“ *Athena, also known to those who were close to her as Muzz, Was one of the sweetest ladies I have ever had the pleasure of knowing. I personally believe that she is a saint. She was always kind and loving to those that she knew and loved. And I think she loved everybody . She will be greatly missed and the world will be a little less good now that she has gone to be with our Father in heaven.*
