“ *Always made my heart happy to run in to Barbara! From day 1 she treated me like I was a best friend/ or at least a best friend to be. She always had something to share with me, good or bad, no matter.Barbara helped my girls out with their FFA projects for which we are all grateful. Wish I'd taken her up on her offers to stop by and chat over a cuppa. She did so much for so many without knowing the full effect of her generosity and friendliness. I will miss our occasional run intos. R.I.P. dear friend.*

“ *I don't remember this, but she told me the story often...when I was a little boy she told me to do something, and I told her no...apparently I was smart enough to have my little legs moving before the word was out of my mouth. Lol. Love you aunty barb. See you again someday.*
