“ *I met Barbara at the swimming pool the summer of '69. We were both lifeguards. She was an imp. She loved to tease people and was a bolt of lightning. Always eager for the next laugh or place to go. Then before long she was a mom and such a happy mom. I remember so many laughs and crys through the years. I know that I'm so blessed to have been loved by Barbara and to have known her friendship for almost 40 years. My only consolation is that I still have her family to love. That is enough.##imported-begin##Darlene Troup##imported-end##*

“ *Barbara was very special to our family. She loved our daughter, Katelyn, like she was her own. Katelyn always talked about Mrs. Crawford, and looked forward to going to school just to see her. She loved her so much, and had so much fun at school just by being around her.*

Katelyn went to see Mrs. Crawford at her new job on the last day of school to give her an OSU gift because she missed her so much. She wanted to see her and give her a hug. I am so glad Katelyn and I got to see her that day.

Barbara had a gift with children, and was a beautiful person on the inside and out. She will be forever loved & missed.##imported-begin##Robert, Janet, Hannah, & Katelyn Elrod##imported-end##
