“ *She was my first best friend and we remained best friends all these years. We started first grade together at Pontotoc and went all the way through school together finishing our senior year at McLish. She was very intelligent. Not only book smart, but she also had a lot of common sense. She had a great sense of humor. She was a wonderful friend, loving mom and grandmother. Her family meant everything to her. She will be greatly missed!*

*I will miss our monthly talks. We grew up together in Pontotoc. I have so many memories of our times back then. We had a short cut to meet. We called it meeting half way. Across the pasture across the spring branch. Halfway between her house and mine. Lots of times spent on the steps by the gym. Carefree and easy. She was the best friend anyone could have had. Fun and loving person. Loved her family so much. I will surely miss one of my best friends.*
