*My memories of Betty began when I joined the family in 1967 when I married Bill Pool. Betty was his Aunt even though she was 4 years younger. She was born August 1939 and Bill was born September 1935. This was always a fun topic during family get togethers. I also remember she was always the calm one and was there when needed. She helped her older sister, Billy Jean during her latter days. Betty was there to help with another older sister, Thelma (my mother-in-law) in the last stages of her life suffering from dementia. She was there to help Jerry (Thelma's son) during those days. But I also remember that Amy and Kelley were the apples of her eye. I know she will be missed so much by all her family members. I was blessed to have her in my life also. My love, sympathy and prayers to all family members.*
