“ *My memories of Billie Sue were going with her to get her hair done when we were at our Grandparents. She was so particular about how she looked. I thought she was beautiful all of the time. Then we would leave the shop, she would complain, go home and change it up! We were cousins and I always adored her. I chose to go out to West Texas where she lived with her family when I graduated college for a visit. Her oldest 2 kids were little at the time. We had a lot of fun. God bless her and be with her family during this time. I love you all.*
