“ *In 2019, I received an Ancestry.com notification that Bynum Wright and I may be second cousins. I wrote him a message as soon as I found out in October 2019, but it looks like he may have passed away before that. Does anyone have any information to share that confirm that this is the correct Bynum? It would be a relation to James A. Wright in San Jose, CA, son of Perna Parker who had relatives in Sayre, OK. Thank you in advance if anyone can respond!*
