“ *Charlie hired me for summer help at the Dolese Brothers Davis plant while I was in High School. I will never forget him asking me if I could run a shovel. I replied that I am a farm kid, and I can operate machinery because my Dad has Heavy Equipment. He said he meant the kind of shovel that has a wooden handle. I laughed and said yeah, that kind too! He hired me that day and I was grateful for the job, and found him to be a great man to work for. My heartfelt condolences to the family.*

“ While I've known him all of my life, I got to know my cousin, Snooks, a little better during the last several years while I was helping his Aunt (my great-grandma) Ruby out. If I was around when they called each other, I always talked to him. We made each other laugh because he could be a little ornery, which is probably why he and Ruby got along so well! He was one of the first people Grandma Ruby would ask me to call if she was sick or had a hospital stay. And he was one of the few people who would visit her, too. He was also one of my Grandma Hazel's favorite cousins. Snooks will definitely be missed. Our sympathies to Randall and his family.
