“ *Cotton was my cousin. He was always so kind and caring. I appreciate so much what he and Carol did for my mom. Before and during her illness, they checked on her almost daily. Their kindness meant so much to my mom and to her daughters.*

“ *Can a man's life be summed up in the limited space herein? For some, maybe. Those who had the good fortune to cross paths with Cotton know that is not the case with him. His absence will be deeply felt in his community, his church, his family, and among his many friends. May God's grace be with all who mourn his passing.*

“ *A great man indeed! One who was a believer in people! As a student I idolized him. Couldn't wait till Ag class started. He drove the bus and donated his bus driving salary to the Ag department. Took me to fishing trips, judging contests, state conventions, and to the national convention in KC, MO. He would drop everything and drive the old fire truck, pull a calf, referee a ballgame, pop popcorn, chaperone a trip, or help me with a welding project in the shop. Mr. Advisor, now we understand why you were stationed by the "Owl."*

“ Cotton was one the first people that welcomed us to the Vanoss community back in 1990. We moved out by the school in the middle of summer and school had not started yet but he was down to visit and welcome us within those first few days. I think he even shared veggies from his garden. We are so sorry for your loss. He will be missed.

“ CT Holland was a great man. I have never met anyone more kind in my life. He was a true friend. He was always there to help in a crisis and would always thank you for the opportunity he was given to help you. I know that he made a huge impact on literally hundreds of young people who went through his ag. program. When we hear people talking about someone who was a difference maker Cotton would have to be at the top of the list. RIP my wonderful friend-- I will miss you dearly. Rick Griffin
