“ Junior will be greatly missed by all who loved him, he was an easy man to love. I can remember always listening to his stories from as far back as I can recall. He would make you laugh, make you sad, and smile, but no telling what kind of story he was telling he always made you feel like you were a part of the story. I will cherish all the advise he gave me. But the most important advise was to love my family, no one could replace them. Junior I will miss you, tell Grandma and Grandpa I miss them, I can just imagine the reunion you are having in Heaven. I love you.

“ Junior was a great man that would always find the good in everyone. He could tell stories like no other, and boy did he love to talk. I smile every time I remember one of his stories. No matter how big my kids messed up he would always tell me they were great kids. That ment a lot to me. He will be greatly missed.
