“ *We met Kelly Key almost 12 years ago at his place of business, we became friends and eventually Kelly and I agreed to merge my small business with his. The intention was to buy in so he could move on with his life and I could move to the next level. During the time we knew him he helped me to grow personally and kept his word to me. All that we agreed upon came to fruition. He was a man of his word and a friend to both my wife and I. We will miss him. Our prayers are with you all.*

*Sincerely,*
