“ *Always enjoyed Dennis's comments in Sunday School class. He was quiet but his observations were always relevant and good. A really good guy and there aren't all that many like him around. We're praying for you and the family.*

“ *I have such fond memories of you and the family. I remember quite an impressive young man that loved his children so very much. Family meant so much. As you got older I realized the fantastic qualities that you inherited and learned from your mom and dad and grandma and grandpa. I am saddened by this loss but know that you are in heaven with your dad and that we will be together again one day.*

“ *From the Wednesday morning men's meetings, I remember Dennis' warmth and encouragement. I always appreciated his perspective and insight as the men shared thoughts about life, faith, and God's Word. When work situations caused him to not be able to attend, it just wasn't quite the same. I shall indeed miss him until we all once again reunite on those streets of gold God promises.*
