“ *Sgt. Black was my team and squad leader in recon platoon 1st battalion 504th infantry regiment 82nd airborne division. He was a humble yet driven leader who was intent on making our squad the best trained unit in the Army. He was good at what he did. There were no breaks for us. Any spare time was spent learning how to be a better soldier. I wish I could have spent more time around him in our later years. He not only talked the talk, he led by example. He walked the walk!
