“ What a wonderful lady! I loved your smile, humor, and your expression of love toward me and my family. You were always the first to send me a Christmas card, except this past Christmas, so I was concerned. You received our's so you sent your's, which we received after Christmas and you apologized for being lazy. Your message on the card was, as always, was an expression of love and concern for me and my family. I will miss you so much and I hope you knew how much I loved you! I'm sorry that I can't express better how much you effected, affected, my life in the past, present, and in the future.

Love!
