“ I've known Ms. Erika since she was a small child. Watching her grow up was such a blessing. She loved her family and even got in to a few scraps defending them! I remember when she was pregnant with her first child. She was so vibrant and motherhood d suited her well. It's been many years since I've seen her. She was pregnant q other her last child and we bumped in to each other at sooner foods. I moved out of town but kept in contact with her family. Rest well Erika Lynn, you are so loved and missed. We'll see you soon. Love you
