“ I knew Eugene Garrett back as I was a very young guy at time of guess first marriage as his family was growing back in years he worked at Kerr McGee Refinery there in iWynneywood Oklahoma. As Kerr McGee employee's were many as the refinery was best income for those who grew up in that area & waited sorta in line of applicants to have a steady income.

Related sort of since my mothers older brother Fred Woods also worked refinery in their offices watching control valves as such on production & our family visited those around Wynneywood on many occasions Mabel Woods/Garrett was Eugene's spouse & Fred Woods daughter.

Eugene's boys were just younger age than I was & bit later years Ginger their daughter was born as they were growing up there in Wynneywood for several years.

Later years Eugene remarried Quanda as being loving couple as for myself working fulltime with my personal family seem to cast several years of not seeing each other & just hearing occasional messages from other members of my mothers family as years flew by.

Always liked Eugene from the start as he was extremely pleasant natured every occasion that I can remember.

His family children were always close to each other & was just few years ago I learned Eugene was a Veteran & seen recently photos he played football likely in High School.

He was one of those guys we just can't say enough about as he was always smiling or glad to listen to your thoughts or messages.
