“ *We knew and loved Cotton from our years together at Braniff and Dalfort. Gerry was Manager of Structures Engineering and he and Cotton worked in corporation to repair many airplanes. He was a fantastic asset to Braniff and Dalfort. Gerry feels that he was the best aircraft sheet metal foreman that he ever met! He just excelled in that trade like no one else in the industry. He was just an all around great guy. We are so sorry for your loss and also that we did not know of his passing until 6/22/2011. We would have definitely have been to pay our last respects to a wonderful man and his life. We have notified the Braniff Retirement Club of his passing.*
