“ *I remember when Heather was young and y'all lived next door to my sister Kathie and you and Heather would come over to see my son when he was a baby. She would get excited and rub her cheeks with her fist, I always thought that was so sweet. Kay Bradley-Somers .*

“ Sweet Cousin I am so grateful I was able to see you on Mother's Day and to stay in touch with you these past few years. I would pray for you quite often for healing and now you have received your ultimate healing. I remember the first time I saw you. You were around 6 or 7 months old and you were on Margaret's bed. We were all around the bed looking at you as you were the most beautiful baby I had ever seen. You must have been thinking why are all of these crazy people looking at me and surely I am not related to all of them!! Well guess what you ARE related to us and I am so grateful you were in my life. I love you so very much sweet Heather and I know one day we will meet again very soon. Traci Bandy Jenkins

“ Yes, Heather Is remembered as such a caring, sweet person and was a great Saxophone player when we were in high school band. I also remember being in Sunday School together when we were younger and her dad teaching the lessons. I'm appreciative of those times and know she must be in awe of heaven right now.

“ I remember when we were little, we would call each other to meet at the pine trees to play. Heather just lived two doors down and there was a line of pine trees that lined her property line and the property line of my Uncle Ed and Aunt Virginia's house. We would meet and then either go my my house or her's to play. She even named a poodle after me "Holly Barry" that was the sweetest dog. RIP Heather..you will be greatly missed!
