“ As a kid growing up. Me and Jeff were friends in imperial, ca. His mom marilyn and my mom were best of friends. Jeff moved away after the tragic passing of his mother. We were only around 7 or 8 years old. To this day I still have a teddy bear his mom crocheted for me. Me and my mom often wondered about Jeff. When i thought about him and started looking for him, I discovered he was no longer with us. I wish I would of reached out to him earlier in life. I was sad to hear of his passing. He is with God now. My condolences to his family and friends.

“ When my mom married your dad I thought great! Another big brother to pick on me, but what I gained was so much more. I gained a brother for life no matter how far apart or how long it had been since we`d talked. As a kid changing schools can be a scary situation, but not if Jeff Wyatt was your brother. You made sure I knew everybody and had all the confidence needed to walk into that new school. You changed my life in the way I see myself even today! "Be yourself" you`d say. I`m still struggling with excepting that this is real. This life we live is short and unpredictable. You will be missed by any and all how were lucky enough to know you. Thank you for being "you". May the sun be at your back and the breeze in your face. Ride on big brother!

“ *to Jeff's family,  
on behalf of Pablo & I, we wish to offer our heartfelt condolences. I asked why god chose to take Jeff at such an early age, but then I thought, God only chooses the best flowers for his garden in heaven. Rest, easy my friend, we will see you again one day
