“ Oh John, how your family must miss you, as my heart cry for the time we spent together in the military. The little Baptist church we attended in Lake Charles, and I remember our many conversation. You always seemed to be above me and one step ahead old friend but I never minded you helping me, You were an instant friend who I could always trust. You family is very lucking to have shared their lives with an angel living among them, and I know you are now waiting there for them in our Father's house. I will be catching up with you soon, and we will talk about it all then. I love you John and I love your family too. May God watch over them as you have all those years, Your friend always: Finley Joe Sizemore.
