“ *For days I've been thinking of what to say. I still have no words. I worked with Josh, he will forever be one of the best pharmacists I have ever worked with. I am so honored to have known him, and that I'm able to call him my friend. He was an amazing person and I will miss him dearly.*

“ *My heart is breaking for my family. I am sorry my kids will not have the chance to know their cousin Josh. I still see him as a little boy, the first grandson, my first second cousin. Sweet and fun. God bless Randy. God bless Glenda. God bless the rest of the Sanfords. I am praying for each of you. Love all of you, Sandy*

“ *I worked as a pharmacist on the night shift opposite of Josh for several years. When he was working his seven nights on, I was off for seven nights and vice versa. I have a husband and four children with many activities that often fell on my week to work, Josh was always so very nice to switch a night with me or even work it for me without a trade so that I could attend a family function if he was able to do so. Occassionally, I also overlapped him or worked with him if he or I worked any different shifts than nights. He was handsome, soft spoken and easy going. I admired for him for his dedication to working out and we often talked about his hunting trips or high school wresting and football as my husband is a hunter and my son plays sports. His eyes would light up when he spoke about hunting. I am saddened at his loss and would like to extend my heartfelt condolences and prayers to his family.*

Josh mentioned working with you, but he didn't give a name. He discribed you and your family. Thank you for your kind words.

“ *I worked with Josh for several years. He was a really smart guy with a good heart and an offbeat sense of humor. He loved being with his mom, hunting with his dad, and playing with his dog. My thoughts and prayers are with his family. Lisa D.*
