“ *We spent so many nights hanging out with Paul at his house, drinking beer under age having a blast doing everything we weren't supposed to do. Whenever you thought that you were at your lowest point Paul would show up and he would always make you laugh make you smile. He was a dear friend of mine that I haven't seen in a long time and I loved him very much, and I know there is a group a huge group actually that are missing him beyond words can say. Paul you deserve so much better than life ever gave you and now you can fly high and be in a place where everything is perfect for you. No matter how much it hurts all of us here on earth Paul is in a better place, a far better place, and I will miss him for the rest of my life and I will never forget his skateboard anyone who knows him knows what I'm talking about. Paul you are so missed you've been missed for years by me, and I just want you to know that I have thought about you and I will think about you and I pray for your family and I pray for Lucas, such an amazing soul . Honored to know you and your entire family may you rest in peace and soar above the clouds and make all the suffering you had go away may God take you in his arms and hold you.*

“ My friend, my dear cousin you will always be remembered and be missed. You were the strongest of us all growing up. No matter what kind of commotion or trouble we were getting into, you and Beban were always there right along with us. Those moments will always be cherished. I will always love you and miss you. And my dear Aunt Glynis, you taught me how to drink out of a straw as a baby. As I grow older I'll never forget. I will always love you and remain here for you. I love you. Paul, you, grandma and Brandon go catch some crappie now. I'll be right there to join you some day. Love you always Jeremy.
