“ My mother Kim was a lot of fun to be around. She cared deeply about her family & friends. She also had lifelong bonus sisters. Female friends that became part of the family and would often be at family events. She had numerous other family and friends that I tried contacting and did best I could considering circumstances. She would often go back to Arizona to visit family & a childhood friend that she considered family. She lost my younger brother on 6-8-2011. Of course he was loved by all of us and we endured grieving that last to this day. She took it especially hard and went into mourning and could never come to terms with his death. Although she was full of life , his death took a big part of her. Can't help think the 10 year anniversary of his death 2 days before her passing suddenly. Her heart just couldn't take it anymore. We appreciate all of the messages and calls. It's hard to put into words what this past week has been like. We take a little comfort in knowing she has been reunited with her son. She will be forever missed. Rest In Peace Kimberly Sue! We love you mother!
