“ I met Linda when I was a small child. She was the very first neighbor I ever remember having. I was 5 and my sister 3 and she invited us over often for cookies and Kool Aid. This was before she and Jerry had children of their own. Many times in my life my path has crossed with Linda’s often when I was in need of prayer or encouragement. We would be at the same service or out shopping. More recently in Aug of 2020 she picked my daughter who has severe vision impairment up from the side of the road when she saw she was too hot and possible disoriented. I believe God sent her there that day as well as so many others. She loved the Lord and she was genuine and she was real. I’m so sorry Jenny and Joel to read of your parents passing but I’m sure heaven was happy to receive them. Love and God’s comfort to you guys in the upcoming holidays. -Anita (Duncan) Rankin
