“ *Hello, My name is Michael Baldwin (Former name Braudaway). I am sorry for your loss. My mothers name is Wanda Baldwin (Former name Braudaway). I was born in June of 1969 For my own health reasons and my sons I was wondering what the cause of death was. Was there anything hereditary. I am 42 years old and have had a few back surgeries. I am diagnosed with what they call Degenerative Disc Disease. I was just wanted to know if he had any back problems and what was the cause of death. I am just 19 years away from 61. My mom (Wanda) was good friends with Tom and Patricia Braudaway. That was back when we lived in Cleburne, TX. Anyway just drop me a line, I would very much appreciate it.*

All the best,

Michael Baldwin
