“ *Margaret Sledd, a Beautiful Person inside as well as outside. What a personality, the room and even the whole building would light up when she would enter into it. A Head full of knowledge and memories. She was able to recall almost anything you were needing to know. A Heart full of Love for everyone and especially for her family. Joe, She Loved You so very much. Keith, She talked of You and your Wife and Kids with honor. Jerry and Kathy, you would think You both and Your Families were the ones who hung the Moon and set the World into motion. She would just shine with Joy while talking about the many things that related to you all. What a better place this world is today because Margaret Sledd has been in it. We Love You all and wish You strength during the days and months ahead. from: Darrell and Diana Moore.*

I was so shocked to read that Margaret King Sledd was called home. We grew up in Hickory, went to Hickory School from elementary thru high school. Attended Hickory Baptist Church. During my senior year I cleaned the church for a whole \$3.00 per month. Times were hard at times but was able to do odd jobs for neighbors, (Rolled up older ladies' hair and mowed yards.) I earned enough to pay or my Senior Graduation. We loved being together in church and a few school activities. Loved the annual pie suppers and Christmas activities. There was a certain young man in high school that took a liking to Margaret. Seems that young man later married Margaret. Margaret and Joe were at our wedding. I always tried to find out about my old friends at Hickory when we moved to Florida.. Everyone seemed to know all about what was happening in our little community. Many have now gone to our heavenly home. Those were some good days to remember.
