“ *Deann and Eric,*

I used to work in Borger with your Mom at the hospital, in the late 1970's and early 1980, and considered her a good friend. She was truly one of the most caring people that I have ever known and had the priviledge to work with. I hate that our lives traveled in different directions which made it complicated to keep our friendship going.

I am very sorry for your loss, and I pray that God will give you strength to get through your grief. Just remember that she is at peace and no longer suffers. God has prepared a special place for her for all those years of service to him in caring for the sick. May God bless you both and your families.##imported-begin##Glenda Close##imported-end##
