“ *Ellouise loved her family history and that is what led us to come to know each other. She sent me some information and on the inside cover she wrote for the love of family. We shared many wonderful letters and phone visits. I finally got to meet her and Jerry and spent a few short days with them which I will treasure forever. I loved her very much and will miss her....cousin Deborah##imported-begin##Deborah & Finten Haney##imported-end##*
