“ *I will never forget the sweet memories I shared with Glen. He brought so much sunshine to my life when I worked for Double A. He would always give me hugs, and I loved opening the door and taking his groceries to his car. I would always call him "my man," even though he knew I was joking. I will truly miss him so much. My heart is broken—I have lost a sweet friend whom I will cherish close to my heart. □*

“ My sweet Uncle Glen is now clear as a bell and out of pain. He was in high school when my memories began of him. He didn't want to wake up and go to school so my Granny Audie would give me a wet mop to put in his face. I was probably 4 or 5 at the time and I thought it was soooo much fun. He would grab me and put me in the bed with him. Several times Glen and Tommy would put me in the car and take me to get a treat. I always thought they were both were super handsome. AND THEY WERE As of late, while my own mother was suffering with dementia, Glen called her often and just visited. She always knew who he was and looked forward to the calls. I came to Stratford last Wednesday to bring him BBQ and to decorate family graves. Couldn't find him anywhere and drove all over town looking for his pic up truck. Little did I know he had gone to the hospital and I wouldn't see him again. Uncle Glen, I hope you and Mom and Tommy are sipping iced tea with your parents in Heaven right now. I will see you when I get there. Loved you bunches.
