“ I called him brother. He filled that in every respect. We rode a ton of miles together, shared many meals, hugged each other in loss and celebrated each other in good times. I will miss my brother forever. His kind nature will always be what I remember most. Ride in peace my brother, say hi to our brothers who went before you, and hug your mom for me. Love ya

“ I met Nate online a few years back.. we both have a love of motorcycles... we became friends quickly and I made him an admin on North America Biker Rescue.. one of the best decisions I ever made... the man pretty well knows everything about Kawasaki Vulcans.. and proved that to me several times.. I own four different Vulcans.. and eight other bikes. he sorted out issues and problems over the phone that techs here could not.. I was utterly amazed at his calmness and abilities.. I will miss my friend.. Thoughts and Prayers to Nates family and friends... a tribute is being placed on our NABR page and in our Fallen NABR's page in honor of Nate. Ride on Brother..
