“ *What a wonderful, wonderful woman. She will be forever missed by her family and friends. What great memories she leaves us with. She loved her family so and absolutely LOVED getting pictures of them. Now she is with the part of the family that she has missed for so very long. Can't you just hear those sisters catching up!!! Thank you Connie and Brenda for watching over and taking care of her for all these years.*

DB

I first want to tell Connie and Brenda that what they have done for Neta these past years in caring for her shows their tremendous love for family. Neta was a Great Aunt to many of us, and the sister to our Grandma Pickens. I can remember her from the age of 4. She always showed her love and shared her stories of family. Just a few years before my mother passed we were both blessed to be able to stay with Neta. Funny stories were told and new ones created. My mom was washing dishes and Neta came into the kitchen, my mother held up the rag she was using (it was paper thin and full of holes) Neta said in her high pitched voice "Yeah that was one of Daddy's old t-shirts" Mom and I cleaned the house for her that day. Bedtime came and I had to sleep on the couch that if any of you have pictures back to the 50's would know that is the same couch that has always been in the house. Neta did offer me the back bedroom and or the roll away bed. I did consider the back bedroom but looked up at the ceiling and a homemade quilting rack, with about 3 inch nails sticking out of it (towards anyone that would lay in the bed) I said nah that's ok I will take the couch. Every meal she told us stories about her life as a young woman, marriages, her sisters, brothers, and most of all her mother. I was too young to here the brothers talk about my Great Grandmother, but heard from all of my Great Aunts and Grandmother how wonderful she was. She passed her love to each of her children and taught the meaning of family to them. Neta loved us all and we loved her. I know she is having a wonderful time now, she is with family. Her mother, father, sisters, brothers, nieces, nephews, cousins, and her dogs. Neta was a dog lover, she loved getting pictures of family and keep about 1 bazillion photo albums. She hung pictures of family all over her walls. The saying "they don't make them like that anymore" would apply to Neta, and all of her sisters. How blessed I am to have had her as my Great Aunt.
