“White boy, f*ggot, you cant touch me youre not man enough, I eat your ass all alive, you bitch, cant anybody in here f*ck with this, this is the ultimate. F*ck you, you hoe! Come say it to my face, you bitch. Come on you bitch, youre a scared coward, youre not man enough to f*ck with me, you cant last two minutes in my world bitch. (At this point the reporter backs away deeper into the crowd) Look you scared now, you hoe. Scared like a little cracker bitch. Scared of the real man! Ill f*ck you till you love me.”

After reading that last quote it becomes easy to see why the man backed away. Having a 115 Kg heavyweight champion yelling that he will force himself romantically on you can be pretty intimidating. Still, reading this as a neutral third party we must admit we find it pretty amusing and at least if he is ever forgotten for his legendary fighting skill we think it is safe to say he will at least be remembered for his theatrics.

“ I as well as my guys came reviewing the excellent helpful tips located on your site and so all of a sudden came up with a horrible suspicion I never thanked the web site owner for those secrets. Those women were definitely consequently warmed to study all of them and have in effect without a doubt been having fun with them. Thanks for genuinely quite thoughtful and for considering variety of useful subjects millions of individuals are really eager to understand about. My personal honest regret for not expressing appreciation to earlier.

“ I wish to voice my passion for your kindness for those who actually need assistance with your area. Your very own commitment to passing the message up and down was incredibly useful and have all the time allowed most people just like me to get to their dreams. Your entire invaluable useful information can mean a lot a person like me and further more to my office colleagues. Best wishes; from all of us.

“ Nike....

I miss you so much!!!! You were the bestest friend that anyone could ever have. I am the luckiest person in the world to have got the chance to know you as long as I did. I think back a lot to all of the good times that we shared together growing up and miss you even more. I know that you are watching over me now and waiting patiently until we can see each other again. I think about you all of the time and wish that you were still here. You were my brother from another mother is what I always remember telling you. You could always get me to smile no matter what. And I still don't forgive you for shooting me in the head with a paintball gun :) Nike you will always be in my heart....and I love you more than you will ever know...I can't wait to see you in heaven dear brother...you better be waiting on me with open arms!!!! love your sister Keri
