“ *My prayers go out to you all! Penni was such a fun person to be around. I didn't get the privilege of getting to know her like a lot of people did, but Penni and I were in training school with AFLAC together and she made things very enjoyable for us all! She and I talked about our love for four wheelers and riding on the river and that they had actually bought their ATV's from where my husband works. The small amount of time I did get to spend with her will be a life long memory and she will be missed very much by all of the AFLAC agents. We love you and are praying for you!*
