“ *Bossman was a great man and I will miss him. My first and last summer session with Upward bound was a bad time for me my grandpa was about to pass on at any time. Bossman was the only reason I made it through that summer. And the day my papa passed away I had to call the UB office to cancel my place for a trip and bossman answered the phone he knew what had happened by the sound of my voice. I will never forget what he had said to me. He told me to keep moving forward and to give life all I have and do the best that I can do to accomplish my dreams. Regretfully that was the last time I talked to him but I always remember that and it makes me smile when I'm going through a hard time. I will always do what he said not just for myself but for the memory of my papa and him. Thank you for sharing your time with Bossman with me and several other students. I will miss him.*
