“ Roy was a member of the graduation class of Davis High School of 1972. Throughout the years i would run across Roy and we would talk about how life was going.

“ I only had the pleasure to know Roy and be apart of his family for the past 8 years but man did he always make me feel welcome and loved! He loved my children so much and I knew no matter what I could call him! His big smile always there to greet me, his hugs, and calling to make sure we were ok! Roy was the example of what a amazing dad is supposed to be! It's like he knew I needed that so bad in my life! He is greatly missed and our lives will not be the same without him!

“ I have so many memories... I suck at fishing, but one-day when I was a kid, dad took me fishing at a pond he called a slu. I cast my line and started reeling it in and I thought I got caught on some branches and I told him it was stuck, he came to help me and about that time the line darted across the water and he got so excited trying to help me get it... I when I got it almost to the bank he about fell in the water when he seen how big the fish was, if I remember correct it was six pounds 4 ounces. He was so proud.... We left and got it mounted, he always talked about it. We was only fishing about 30 minutes... But that's all that was needed for such a wonderful memory.
