“ *Sandra was one that always had that special way about her with a tinkle in her eye and smile on her face that just seemed to energize you when you met her on the campus or in the hallways during the school day. Her energy was always contagious when you were around her. I so enjoyed watching her play basketball because she seemed to enjoy it some much. May God bless and comfort her family and friends in the days ahead. Lynn Springfield (classmate 1-12 grades).*
