“ I have so many memories of Tammie some when we were in school some on our road trips singing to prince on the radio just laughing and enjoying life because we were out of school! Tammie and I have worked together at so many places we always had fun at anything we did. We were friends in school and that friendship just keep growing we could always talk to each other about anything kids, husbands, families, we never judge each other we knew the others flaws and loved them for it. We could go for months at a time and not see each other but when we got together we would catch up on things and it was like we were never apart. Tammie as always been apart of my family and she is always in my heart! I love you Johnnie Dodson
