“ *Dear Reta,
My thoughts and prayers are with you and your family as you grieve the loss of your husband, Terry. I never got to meet him, but I sure missed you when you got married and moved to Goodwell. He must have been a great guy since you were married for 52 years. I still remember how much fun we use to have when we were young kids going to school at Joy and playing basketball all the time. I am so sorry for your loss, Reta.
May God bless you and your family. Your friend from way back when.....Annie*

“ *Rita, Wes, and Jason, so sad to find out about Terry's passing. Terry and I go back to 1966 when we were at Panhandle State. So many wonderful memories, classes together, silly stuff I won't go into. Rita cooking steak from the meat lab for us. Helping when we moved to Guymon. Letting the kids keep their show lamps at your place. Spending time together at Swift. Terry was and is one of my true friends, and now I really regret not staying in touch the last few years. Tiny*

“ My father-in-law, Red, from Louisiana, went pheasant hunting with us for several years in Guymon after he retired. He became good friends with Terry. When Terry learned Red had been struck with cancer and was on his deathbed, Terry took the time to sit down and write him a letter, not about dying, but just rambling on about what he'd done that day, and what he saw. I read it and remember one part where he described a bunch of pheasants flushing. I was in the room when Red read that letter. He wept.
