

Vivian Kay Love

May 14, 1954 - January 30, 2024

Vivian was born and raised in Oklahoma. She lived in Texas a couple of times, for a year or so , but she was definitely an “Okie”!

She was a very friendly and loving person to everyone. Always thinking of others and ready to help.

Vivian was a really good cook, and prepared favorites for different members of the family. Yes, of course Goulash, and fudge or brownies.

She played piano and loved to sing. Growing up in a ministers house she , like her 2 brothers learned to pitch in and use their talents.

If someone started singing , they were going to have harmony! She had a beautiful voice and if not perfect , close to perfect pitch.

She battled health issues in her later years, but now she is whole in body and soul. She’s with many family and friends, and most importantly, with her her Maker and Father God!
