“ *Bill and I had a blast working in QA at Hertz. There was only 1 Bill and he was a great friend. Bill, you and Carl can rest in peace. Love to you and your family.*

“ *Mostly my memories are in the teen group of our church, but I have a very fond memory when I had my daughter. Bill and my brother Randy came over to see her right after I got out of the hospital. He held her for about an hour saying she's the most beautiful baby I've ever seen over and over. I think he was 18.*

“ Billy, I remember you from high school, but we weren't friends. Many years later, I was fairly new at The Waterford Hotel, when after a few months I had to walk over to Reservations and talk the res guy, Bill Wilson. We were still "new" to one another at The Waterford, and you were making me feel comfortable with idle chit chat when one of us mentioned where we went to high school. Then the other one said, "Hey! That's where I went to high school. When did you graduate?". And then I remember saying, "YOU'RE BILLY WILSON!". You said, "YOU'RE LYNDA KERNES!". I was probably the only person in your professional life to call you Billy. Neither of us recognized the other in the previous few months, but we've been friends ever since. You know I've prayed for you the past few years during your illness, and will continue to pray for your family while they grieve your passing. See ya on the other side, Billy, and in the meantime, you'll be missed here. Lynda Kernes

“ Billy was one of us that went all the way thru school together from 1st grade to 12th. I remember going to his Birthday party at his house right in the heart of Choctaw and there were big trucks in the yard. We lost touch thru the years then connected again when he was running a sand yard out off of tripleX. They played cards until a truck came in then he'd jump on the loader then back to the card game. I don't think I ever heard him raise his voice or get angry. We need more people like him for sure. I guess he went by Bill when he got older but he will always be Billy to me. See you again one day my friend. Mark Goins

“ We are sending prayers and hugs to Bill's family during this sad time. He was a very good natured, humorous, loving person. He always thought the glass was half full instead of half empty. He was never afraid of hard work, dreaming of a better future and fighting daily battles to protect and provide for his family, while giving God all the credit. If there is a catfish buffet in Heaven, I know he is in line...we have some wonderful memories of Bill that we will forever cherish. He loved all of his children and was so very proud to be a father and step-father. Always willing to help anyone in need, I'm sure Bill made a positive impact on many. Safe travels to Heaven, Brother Bill. We love you and will miss you.
